

The Powerboat Winter Festival

2009

We, the organising committee, hereby invite all previous and current powerboat racers and fans to a wonderful winter weekend in the Norwegian Mountains from April 17th through to April 19th.

The main intention with this weekend is to bring together powerboat racing friends in another environment. For no other reason than to have fun together, reminiscing old times and telling the good stories.

Some “sporting like” activities will occur, like Parallel Slalom, “Throw a Prop” 2009 World Championship, “The Solan Gundersen Ludo game” and so forth. Participation is voluntarily.

We wish you and your friends welcome to a great weekend with your similarly disposed powerboat maniacs. No sports political discussions are welcome in this forum.

We are gathered together for the pure pleasure of each others company and the common interest in the Great sport of Powerboating. Bring your “clip books”, photoalbums, films and videos. We have the technologies available to display it all.

Have a great Winter weekend in the Norwegian mountains, with a lot of FUN, FUN, FUN.

Yours sincerely

Frode Sundsdal

Øivind Dreier Sivertsen

Check out the enclosed Program for details

**Program
